

Dear families,

Welcome to our beautiful community kindergarten, Nagle Pre-School.

In these challenging times, and in response to the cancellation of the Early Years Open Weekend please find following our information pack that would have been handed out on the day. This information, plus more, can also be accessed on our website at www.naglepreschool.com.au. We understand choosing a kindergarten is an important decision for your family and, whilst we cannot offer on-site tours at this moment, we encourage you, after reading this information pack and website, to reach out our Administration Officer, Kylie Hogan on mobile 0411 165 566 or email admin@naglepreschool.com.au with any further questions you may have. Kylie's two children, Ruby (11 years) and Alexander (6 years), both went to Nagle and she has been on the Committee of Management in various capacities including President in 2018.

My eldest son Henry has recently started in the 3 year old group and I could not be more proud being the President at such a warm, welcoming, and community-oriented kinder, with fabulous learning and exploring facilities.

The quality of teaching and care at Nagle, and the personalities of our amazing teaching staff, give every child a chance to grow and a place to foster their uniqueness. Nagle has incursions and excursions to give the children variety and learning opportunities. We have a much-loved musical program and have been provided a grant to engage in intergenerational excursions with our children spending time interacting and having fun with the residents of Regis Aged Care. Nagle has an amazing collection of learning aids, a surprisingly large and varied outdoor area, and activities that are cycled to provide variety for our children.

Nagle provides consistency in terms of both staff and the children's kinder groups. Our teachers and co-educators have been together as a cohesive group for many years. Nagle also generally experiences very few enrolment changes during the year. Our kindergarten families develop genuine and enduring connections with the Bayside community especially with the children's transition to many of the local primary schools.

For many families, the transition to kinder can be the first time your child is away from their home environment and in the company of other children for extended and regular periods of time. However it is also a wonderful time of excitement and opportunity as children start to build friendships and skills that will see them into and beyond their school years.

At Nagle parents can choose a one day program for our 3 year old group, and a two day program for both 4 year old groups. This timetable has proven to be very popular with local families. Drop off and collection at Nagle is easy and flexible, given the location on the corner of two quiet and wide streets and proximity to public transport.

On behalf of the teaching staff, we are proud to recommend Nagle Pre-School to you and believe we offer the best program in the area. We look forward to welcoming your family to our kinder in 2021.

Kind regards,

Lucilla Bucholtz

President

Nagle Pre-School Committee of Management
